

22 and 23 March 2014 - Special weekend to celebrate...

The First Anniversary of the opening of the Bluebell Railway's extension to East Grinstead

To celebrate this event, we are running additional trains, and most will be double-headed:

- Southern Railway S15-class 4-6-0 No. 847 and U-class 2-6-0 No.1638 will haul six Southern Railway olive-green liveried carriages.
- Our two visiting Great Western Railway locomotives, Nos. L.150 and 5643, will be hauling a rake of Mk.1 and Bulleid coaches.
- On Saturday a third train, formed of our Victorian 4-wheeler and Metropolitan Railway carriages will be hauled by two South Eastern & Chatham Railway locomotives, C-class No.592 and H-class No.263.
- On Sunday morning the H-class will haul the Victorian coaches for a single round trip, before the pair of SECR locomotives take on the pre-booked Golden Arrow Pullman Luncheon train for the remainder of the day.
- Locomotive No.3 "Captain Baxter", built in 1877, will be giving brake van rides on both days at Horsted Keynes, at intervals between about 11.30 and 4.20.

In addition there will be some special guided tours at some of our stations:

East Grinstead

On Saturday 22nd March there will be walking tours around the site of the third East Grinstead station, including where the high level platforms used to be, the goods office, (formerly the first East Grinstead station) and where the low level goods yard used to be. These tours commence at 12 mid-day and 2pm.

Kingscote

The signal box on platform two will be open to view the trains arriving and departing from the station. Work will shortly commence in bringing this box into service to replace the cabin currently used which is some distance South of the station.

Horsted Keynes

Tours of the Carriage & Wagon Workshop will take place each day at 2pm and 3pm. Meet the tour guide outside the workshop on platform 5.

Please note: Whilst every effort will be made to adhere to the planned services, the locomotives and services shown here could be subject to alteration or cancellation without notice if necessary for operational reasons.
